The question of whether or not to build a tower to dry wet hose is being pondered. J. J. White has offered suitable timbers for the purpose from his property at "Killarney" and H. W. Dutton has offered to draw a plan for same, but as funds are very limited, owing to obligations, it depends a great deal upon the canvass under way.

SOCIAL HYGIENE

Venereal disease, one of mankind's greatest enemies, is causing grave concern among the medical authorities, and an effort is being made to endeavor to again attack the problem in similar manner to that undertaken by this Dominion in 1920.

"Health," the official publication of the Health League of Canada, in its last quarterly issue, says:

"In 1920 Canada launched a campaign against venereal disease. Following a Dominion-wide conference called by the Dominion Government in Ottawa, in May, 1919, grants were made to the provinces of \$200,000 annually on condition that the provinces provide at least an equal amount, a Division of Venereal Diseases was established in the Dominion Department of Health, the Canadian Social Hygiene Council (now operating under the name Health League of Canada) was created as a new voluntary educational association partially subsidized by the Dominion Government and immediately work started all over the Dominion.

"The Canadian Venereal Disease control plan which, although provincial grants were reduced, continued without interruption until 1932, was unexcelled for efficiency in any part of the world. Clinics were established in all provinces. The propaganda and education were well done. The most outstanding evidence of success was a rapid fall in the incidence of syphilis in hospitals.

"In 1931, in spite of the extensive recommendations of three important conferences of clinicians, held in Edmonton, Montreal and Toronto, as to improvement and extension of the plan, the Dominion grants to the provinces and the voluntary association were discontinued and the Venereal Disease Division of the Dominion Department of Health dissolved, thus endangering the stability of the scheme at a time when owing to the depression it was most difficult to carry on. Since that time aside from the creation of a new educational moving-picture "Damaged Lives," which was a sensational success, by the voluntary association to which grants have been restored to the extent of one-quarter of the amount given in 1931, no progress whatever has been made in this important field.

"In the meantime under the leadership of the Federal health authorities, a vigorous campaign has been begun in the United States, where over a period of years there has been a growing appreciation of the seriousness of the venereal disease problem.

"In the opinion of 'Health' the grants for venereal disease control in Canada should never have been discontinued. Their cancellation was tantamount to either an admission of the failure of the Canadian scheme or to a belief in the unbelievable achievement of the final conquest of these most sinister enemies to the health and happiness of the people. Neither conclusion is sound. The Canadian scheme was an outstanding success. The venereal disease problem is not solved. Only by continued effort will we be able to keep venereal disease under control.

"No more important contribution could be made to public health in Canada than the re-establishment of the original scheme with its original machinery. By such action Canada would be able to regain her place as world leader in the attack on two diseases which outrank all others as causes of disability and death."

The bride chose for her wedding a smartly tailored white suit of rough crepe with accessories in black and white and a corsage of yellow roses and fern. Miss Flora Astrop, cousin of the bride, was the bridesmaid, in a green tailored suit with white accessories, while the matron of honor, Mrs. Fred Rikley, chose a blue suit and white accessories. It is anticipated that when dealing with the subject of coastal defences Mr. Chambers will discuss the proposed airport in the North Saanich area.

This is the 69th consecutive fair to be put on in our community and it's something to be proud of, in fact the Saanich Fair is the oldest agricultural fair, to function without a break, west of the Great Lakes. So we citizens of the Peninsula and Islands have to look to our laurels and not fail to put in an appearance. HOLE-IN-ONE

F. A. Urquhart sunk his tee shot at the ninth hole while playing in the usual Sunday afternoon game with A. Deildal, W. T. Sisson, J. C. Anderson and C. W. Gamble.

Although a distance of only 115 yards this is a very difficult hole to do in one stroke. Mr. G. S. Pownall being the only other member of the club who has accomplished this feat.

There was keen competition in last Friday's foursomes to win the delicious looking apple pies made by Miss Betty Brodhurst.

The lucky winners, who turned in an extremely good card of 31 nett were Mrs. F. J. Baker and Mr. F. A. Urquhart. One stroke behind them were Mrs. C. W. Gamble and Mr. H. L. Witherby, who each received a prize of a basket of plums, donated by Mrs. Brodhurst.

Next Friday, foursomes will start at 2:30 p.m.

Nothing can be learned as to what to expect at the annual banquet of the Sidney Businessmen's Association from Joe Mitchell or Donald Sparling, the two conspirators that have a monopoly on the say of what is what, and where is where, etc. Members are getting somewhat bewildered by rumors on the rounds!

George Gray, Newall Copeland, "Lefty" Morgan and Art Gardner represented the North Saanich Volunteer Fire Brigade at the firemen's convention held at Courtenay and Cumberland on Friday and Saturday. They report as having seen some very nice fire-fighting equipment and we understand they absorbed a lot of useful information.

T. L. Paddy Holten was presented with his pathfinder's badge, also his King Scout badge. Congratulations, Paddy.

barked on Leslie Garrick's motor-boat en route for Salt Spring Golf Course, and a very pleasant afternoon, in friendly competition with the members of that club.

When they returned to Mayne Island that evening, defeated, but not down-hearted, each member of the team was loud in praise of the kindly spirit shown by the older and more established golf club and of the good fellowship and genial hospitality they had experienced.

Captain Dave Fyvie expressed very friendly sentiments towards the younger club and hoped the occasion would become an annual one. Dr. Roberts replied, thanking Captain Fyvie, and the members of Salt Spring Golf Club, for the splendid day's sport Mayne Island had enjoyed.

Arrangements, from the moment they stepped ashore at Ganges, went through without the slightest hitch, thanks to the forethought of Salt Spring Golf Club, and altogether it was a day to be well-remembered, and looked back on with very great pleasure.

FINE COLORED MOVIES SHOWN BY PENDRAY

Lounge Of Rest Haven Accommodates Large Audience Wednesday

Some exceptionally fine moving pictures photographed in color by Herbert J. Pendray of the British America Paint Company, Victoria, during the recent tour made with Mrs. Pendray through Africa, north to Cairo, and Europe, were shown by him to a large audience in the lounge of the Rest Haven Hospital last Wednesday evening.

The first reels shown consisted of pictures vibrating with life and color of the Coronation Pageant in London and a trip through the city viewing many of the larger buildings brilliantly decorated for the occasion.

From Cape Town, via Mossel Bay, Algoa Bay, Zululand, through Natal to Johannesburg and Pretoria into the Belgian Congo, including a three days' trip on the Congo river, thence via Cairo to Istanbul, some excellent scenes depicting native life and customs were projected. Among these and exhibiting a kaleidoscope of color were groups of natives of various tribes in Johannesburg and the Belgian Congo arrayed in colorful ceremonial dress engaged in tribal dances. Pictures portraying Victoria Falls in action impressed the audience with the majestic beauty of the scene.

Rounds of applause given at the close of each reel gave evidence of appreciation and enjoyment afforded by the evening's entertainment. W. E. Perrin, business manager at Rest Haven, thanked Mr. Pendray for his kindness in providing a highly instructive and enjoyable evening.

"You can't stop stoking a steam engine" said Wrigley

Interviewed, and asked to what he attributed his phenomenal success, the late Mr. Wrigley, of chewing gum fame, replied, "To the consistent advertising of a good product."

"But," asked the reporter, having

captured practically the entire market, why continue to spend vast sums annually on advertising?"

Wrigley's reply was illuminating.

"Once having raised steam in an engine," he stated, "it requires continuous stoking to keep it up. Advertising stokes up business and keeps it running on a full head of steam."

This applies to your business, too. Don't make a secret of your product. Tell people all about it. Tell them what it does. Tell them its advantages. Tell them where to get it. Tell them through the Press and keep on telling them.
